DATED. 14/01/2026

KIND ATTN Mr.

SUBJECT: TECHNO COMMERCIAL OFFER FOR 5956.11 MT COLD STORAGE

Dear Sir,

We like to congratulate on your venture for new Cold Storage & please to offer for the same. We assure you that

we will do our best to make this project an ideal one and would come up to your expectations.

Our Refrigeration system & Equipment are designed to give optimum performance and quality workmanship. Our refrigeration system ensures best possible energy savings and serves for longer period of time.

Commercial offer for the project is attached here with as per requirement of the project.

For details on the offer or technical details please feel free to contact us.

Company Profile:

We have pleasure in introducing ourselves as one of the leading company engaged in designing, installation & maintenance of Industrial Refrigeration Projects. Our company is established in 2018. Those were the time of imports & nothing was manufactured in India. Since then we are dealing in installation, maintenance & serving of Industrial Refrigeration plants such as Cold Storages, Ice Plants, Chilling Plants, Dairies and Breweries or any other plants which require Refrigeration in any of their processes.

We do undertake complete turnkey projects which include designing, supply, installation & commissioning of refrigeration plant. We deal in wide range of Refrigeration equipment such as Compressors, Air cooling units, PUF insulated panels, Ammonia liquid overfeed system, Ammonia valves & fittings, Pipes, Electrical Equipment & Gases. We have our Head office in Kanpur through which we cater to our thousands of prestigious clients spread across entire northern part India.

We have the privilege of having a long list of satisfied customers which are associated with us for decades. We take every step to look after their needs & provide them with best possible energy efficient design & solution & best of services every time.

We do undertake project for above 0 degree 'C' & sub 0 degree 'C' upto – 45 'C'. We can design refrigeration project for any product & application.

Our cold storage design has intangible number of advantages over the old methodology.

- The proper cooling of products loaded in chambers to the desire temperature and desired relative humidity levels.
- Proper air distribution in the cold chamber for uniform cooling and maintenance of desired conditions.
- System design to achieve the best possible energy efficiency since energy bills constitute the biggest component of running expenditure of the cold stores.
- Our systems have compressor capacity control to regulate the capacity in response to the load.

- Our system also have, especially for larger units, provision for full or partial stand by compressor capacity, as failure of the system make cause huge product spoilage.
- For high humidly storage requirement, provision of external humidification or use of sprayed coil air handler are used.
- The space saving is one of the biggest result of our design.
- With our design we can prevent water loss of perishable products (weight loss).

BASIS OF DESIGN

SIZE OF CHAMBERS	:	AS PER LAYOUT
NO. OF CHAMBERS	:	3
TOTAL CAPACITY	:	5956.11MT
TYPE OF PRODUCT	:	POTATO
PRODUCT INCOMING TEMPERATURE	:	30°C TO 35° C
STORAGE TEMPERATURE	:	2°C TO 4°C
EVAPORATING TEMPERATURE	:	2°C
CONDENSING TEMERATURE	:	38°C

REFRIGERATION EQUIPMENT

RECIPROCATING COMPRESSOR

KIRLOSKAR heavy-duty ammonia reciprocating open type compressor are built to meet all the industrial requirement for cold storage & food processing etc. and covers a wide range of applications. The reciprocating compressor is available in single stage and 2-stages designs. The compressor is complete with gas inlet and out let valves, safety valve, Suction side Filters, V-Belts, Motor Pulley, Flywheel, Base frame, sliding arrangement, shut off valve for suction & discharge line, electrical operated solenoid valve for capacity control, etc.

The Compressor base frame is of heavy MS structure which can take up the load of compressor and could easily uphold the shocks and vibrations.

SPIRAL FIN TYPE BUNKER COIL

Spiral Type Bunker Coil: Ammonia Cooling Coils fabricated from 1 Dia. M.S. Pipe and fully covered by continuous spiral G.I. Fins. This will increase total expansion area of cooling coil which leads to better heat transfer and proper utilisation of expanded Ammonia in coils.

Adopting this technology not helps in lowering down temperature in lesser time but also ensures minimum liquid return back to compressor. So compressor also performs better with high suction pressure & performs upto the optimum capacity.

U P REFRIGERATION & SALES CO.

Refrigeration Systems for Cold Storages, Ice Plant, Dairies, Breweries, Chilling Plants, Frozen Food etc.

ANNEXURE 1 (REFRIGERATION EQUIPMENT)

S. No.	Description of Equipment	Qty.	Rate (Rs.)	Amount (Rs.)
1.	COMPRESSOR UNIT			
	Kirloskar Reciprocating compressor K.C.X 4	2 Set	8,60,000	17,20,000
	Kirloskar Reciprocating compressor K.C.X 3	1 Set	6,90,000	6,90,000
	Consisting of drive set fly wheel motor pulley and V belt, Stop valves suction & discharge, HP/LP, OP cut out & HP, LP, OP gauges, Base frame with foundation bolts & nuts, Tools & gaskets, Electric Motor induction brand ABB ac 440 voltage 3phase 100 hp	2 Nos	3,20,000	6,40,000
	Electric Motor induction brand ABB ac 440 voltage 3phase 75 Hp	1 Nos	2,90,000	2,90,000
2.	ATMO5SPHERIC AMMONIA CONDENSER			
	Made from 2" MS C class heavy pipes (12 Pipe high x 20' long) Total 12 x 20 x 32 stands (TATA Pipe)	32 Stands	60,000	14,40,000
3.	OIL SEPARATOR			
	Ammonia Oil separator made M.S. 10 mm MS sheet size 20"X60" with inlet & outlet connection, Oil drain arrangement welded & tested hydraulically	1 Set	29,000	29,000
4.	AMMONIA RECEIVER			
	Ammonia Receiver made M.S. sheet size 30" X 20 ft. with all connections, Oil drain arrangement, welded & tested Hydraulically.	1 Nos	3,60,000	3,60,000
5.	COOLING COIL MAKE: - BLUE COLD			
	COOLING COIL SS TUBE WITH AXEL FLOW FAN CHEMBER NO1. MODEL: BLCA655H.4/710/ 4 UNIT	12 Nos	3,80,000	45,60,000
	CHEMBER NO.2.3 MODEL: BLCAH.,3/710/ 4 UNIT PR CHEMBER EXTRA UNITEANTRY ROOM	1 NOS		
6.	AMMONIA VALVES AND CONTROLS			
	Super make Valves, Flanges & Controls/ DANFOSS/MANIK	1 Lot	9,50,000	9,50,000

U P REFRIGERATION & SALES CO.

Refrigeration Systems for Cold Storages, Ice Plant, Dairies, Breweries, Chilling Plants, Frozen Food etc.

7.	MONOBLOCK PUMP FOR CONDENSER WATER			
	Kirloskar make Monoblock pumpset for condenser water circulation & compressor jacket cooling 10 H.P.	2 Sets	65,000	1,30,000
8.	MS PIPES & FITTINGS FOR REFRIGERANT			
	Ammonia Pipeline with fitting, bends, etc. to connect all Refrigeration equipment	1 Lot	6,50,000	6,50,000
9.	GI PIPES AND FITTING			
	G.I. jindal "B" Class pipeline / PVC pipes with Valves, Fittings & Controls for inter connecting Condensers, Compressor jacket cooling and drain water from Bunker Coil Tray.	1 Lot	4,50,000	4,50,000
10.	STRUCTURE & SUPPORT MATERIAL			
	MS Angle, Channel, Nut Bolts, Framing etc.	1 Lot	4,40,000	4,40,000
11.	ELECTRICAL PANEL WITH SWITCHGEARS			
	Cubical type MCC panel with bus bars, Main L & T make MCCB, Change for D.G., indicating lamps, push buttons, switches, fuse, voltmeter, selector switch, ammeter, starter for Compressor Motor, Condenser pump, starters for ceiling fans, submersible pump, etc.	1 Lot	6,50,000	6,50,000
12.	LIQUID OVER FEED SYSTEM			
	LPR with ammonia pump 7.5 hp FLOWDYNE 48"X12' LONG	1 Set	11,50,000	11,50,000
13.	EARTHING & CHAMBER LIGHT FITTINGS			
	EARTHING 50 MM G.I 3 MITER LONG	16SET	4000	64,000
14.	ELECTRIC TRANSFORMER			
	Main Transformer 250 Kva (UPK ELECTRICAL (LEVEL 1)	1 Set	5,60,000	5,60,000
15.	SERVO STABILIZER			
	Servo Stabilizer 3 phase 250 KVA 340 to 480 UPK ELECTRICAL	1 Set	4,30,000	4,30,000
16.	AUTO Matic POWER COTROLLAR			
	160 KVR POWER FACTOR	160 KVR	1000	1,60,000

17.	POWER CABLING			
	Power and control cabling from MCC Panel to motor and other equipment assuming that Panel is not more transformer to panel 30 miter 300 mm D.G.to panel 20 miter 250 mm	1 Lot	4,25,000	4,25,000
18.	AMMONIA GAS & COMPRESSOR OIL			
	First charge of Ammonia Gas & Compressor Oil. 210 liter oil 3000 kg Ammoniya gas	1 Lot	3,64,000	3,64,000
19.	OXYGEN, LPG & WELDING MATERIAL			
	Oxygen, LPG & Welding Rod for welding, cutting & fabrication of total plant.	1 Lot	2,00,000	2,00,000
20.	ERECTION & COMMISSIONING			
	Total erection & commissioning of the entire refrigeration System of the plant.	1 Job	3,40,000	3,40,000
Grand Total				Rs.1 ,66,92,000/

1 TOTAL COST OF PROJECT (WITH GST PRICE):	Rs. 1,66,92,000/
2 D.G. SET KIRLOSKAR 250 KVA /MAHINDRA	Rs. 25,10,000/
3-LIGHT FITTING FOR CHEMBAR	Rs. 6,80,000/
4- AIR CARTER MAK UPR 6 NOS	Rs. 80,000/

TERMS & CONDITIONS

VALIDITY

Our offer shall remain valid for your acceptance for 60 days from the date of this offer.

PRICE BASIS

Above Prices are ex-factory basis.

PRICE WITH GST

DELIVERY PERIOD & COMPLETE PROJECT

2-5 weeks ex- factory, Delivery commitment is from the date of receipt of advance payment.

3 months for installation & commissioning at site after receiving the purchase order along with the advance and subject to site clearance subject to force major clause of strike, fire, works dislocation due to circumstances beyond our control. Our responsibility ceases as per goods leave our works. Delivery shall be Pro rata basis

FREIGHT

F.O.R SIDE.

JURISDICTION

All matters are subject to Kanpur jurisdiction.

INSPECTION

Inspection if desired can be carried out at our works or at any other location prior to dispatch.

Company requires written Purchase Order along with payment as mentioned in payment schedule below on client's letter head with acceptance of all terms & conditions mentioned in offer before commencement of any work.

TERMS OF PAYMENT

Please issue us two separate orders for Supply & Installation.

Terms of Payments for supply of Refrigeration Equipmen

U P REFRIGERATION & SALES CO.

Refrigeration Systems for Cold Storages, Ice Plant, Dairies, Breweries, Chilling Plants, Frozen Food etc.

- **Terms of Payment for execution of Refrigeration Equipment**

- | | |
|--|------|
| • Advance payment along with the order | 30 % |
| • Against running Bills | 69 % |
| • Balance against completion of job | 01 % |

WARRANTY CLAUSE

The warranty on Refrigeration equipments is manufacture's specific & will be honoured by manufacturer as per his warranty terms. We stands warranty only for our quality workmanship & optimised plant design for better performance & energy savings will be for 12 months from date of commissioning or 18 months from date of shipment, ex works, whichever expires sooner.

The company's warranty shall lapse when Purchaser opts for self-commissioning of the unit. In no event and under no circumstances shall the Company be liable for incidental or consequential damages, whether the theory be breach of this or any other warranty or negligence.

Thanking You,

Truly Yours,
